

NOTICE

Dear Country Day Parents, Students, Faculty, and Staff,

The Covid case remains low at Country Day allowing for another policy change (US only). Also, thanks to our partnership with Mercy Health, we will be offering a vaccine clinic for ages 16+ (see details below).

Policy Update

Effective April 19, we will conduct morning check-in of upper school students during the advising period instead of at the US building entries. The US building will continue to open at 7:45 a.m. each school day. Morning screenings of LS/MS students will adhere to existing protocols and locations.

Pfizer Vaccine Clinic for Ages 16+

We are hosting a Pfizer vaccine clinic on campus for ages 16+ on May 14, with the second dose scheduled for June 4. The clinic dates were scheduled to minimize possible disruption to end-of-year testing (finals, APs) due to side effects, particularly after the second dose.

If you want to schedule a vaccine for anyone 16+ in your household, [please click here to register](#). *Please note: Students under the age of 18 must be accompanied by a parent/guardian.*

Weekly Case Report (April 10-16)

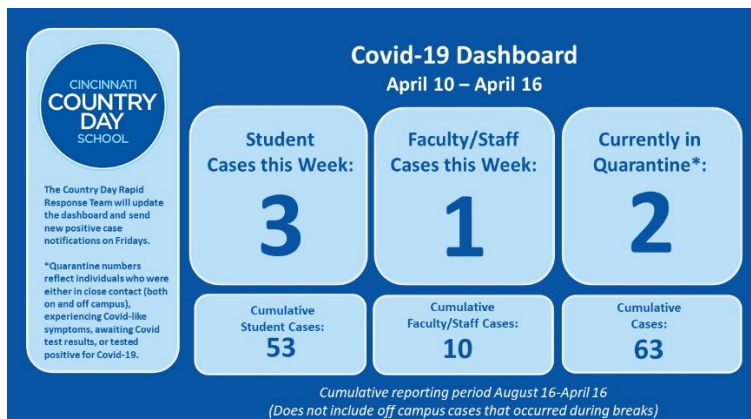

Middle School

- A symptomatic fifth grader was tested on April 7, after exposure to a Covid-positive family member, and received a positive Covid test result on April 8. The student has not been on campus since April 5.
- An asymptomatic eighth grader was tested and received a positive test on April 11 after exposure to a Covid-positive family member. The student has not been on campus since April 9.

Lower School

- An asymptomatic fourth grader was tested and received a positive test on April 11 after exposure to a Covid-positive family member. The student has not been on campus since April 9.

Below is the Covid-19 Dashboard for this week.

With thanks for your help in keeping Country Day healthy,

The Rapid Response Team
