

**Assurance of Compliance to Mission and Diversity Statements**

As a qualified representative(s) of an organization seeking the use of Cincinnati Country Day School's facilities, I (we) can assure the school that we have read the institution's Mission Statement and Statement on Diversity, and we will conduct our activities in compliance with the values and beliefs articulated in those documents. We can assure the school that we will not discriminate against those seeking membership, employment or volunteer status except for conduct or circumstances that the school agrees are legitimate reasons for exclusion.
