

COUNTRY DAY

CONNECTED

CountryDay.net/go/ConnectED

Pat yourself on the back; you are almost there! I realize none of you woke up on March 1 and said, "this month I think I will become a teacher." Yet in a matter of days, you all were. It hasn't been easy, and it wasn't what you signed up for, but together we made it.

Tomorrow, Friday, May 22, wraps up our specials classes. We will post the last set of activities and Mystery Meet Zoom chats for the year. On Memorial Day, there is no school, making it a short week as we complete remote learning for the 2019-20 academic year. Grade level teachers will post Tuesday through Thursday meetings and assignments, following a similar schedule you've come to expect. Some special events to make a note of next week:

Wednesday, May 27

11:30 am - Virtual HOUSE lunch for K/MK – Grade 4

Friday, May 29

8:30 am – Closing Ceremony

Mr. Jaccaci will host our closing ceremony for the entire community. Details on how to access this ceremony will be shared on your grade level, week-at-a-glance communication.

Teachers will follow up with students after the closing ceremony, and parents should plan for school to be over by noon.

Between now and the end of the year, your child's teacher will email you a copy of your child's individual learning plan. This document replaces our second-semester progress report and any applicable formal student assessments. The individual learning plan identifies specific skills your child should practice or maintain over the summer to be prepared when school commences next year. To help with summer skill practice, your child will continue to have access to several of the online resources they currently use. We also recommend the Summer Bridge Activities Workbook series, which can be ordered on Amazon, for grade level review and practice.

Next week is sure to bring mixed emotions for many. Remember to take it one day at a time, breathe, and know we are here to support your family.
