

LOWER SCHOOL

Dear Bruce,

The Lower School Faculty mindfully devote their expertise and time toward creating classroom assignments that promote an optimal learning and social environment for all students. As part of this process, we invite parents to share their thoughts. If you have information that would be helpful, please complete the online form. We strive to match your child's needs with the most suitable teacher and classroom environment. Although this form is optional, it will be the only avenue of parent communication considered during the class placement process. **Forms will be accepted through May 18.**
